What to Expect as an Honors Student

As an Honors student, you will receive information from the Honors college during your Summer NSO. You should expect and explore the following:

NSO Honors Meeting:

During your New Student Orientation (NSO) session, a required Commonwealth Honors College Meeting will be held at 3:45PM on your first day of NSO (which will be either Monday or Thursday) in the Commonwealth Honors College.
At this meeting you and other new honors students will discover more about Commonwealth Honors College, its requirements and many academic and social opportunities. In addition, you will:

- connect with other new CHC students
- prepare for scheduling your courses on the second day of NSO
- review the CHC Membership Expectations as well as Honors requirements
- hear more about honors housing and Honors Residential Academic Program (RAP) options
- have an opportunity to ask questions about CHC

**Advising & Course Registration During NSO**

During the second day of NSO, all students will meet with an advisor and register for classes.

*All honors students should register for one or two honors courses during their advising appointment.* Honors course suggestions are as follows:

- If in an Honors RAP, students only need to take the honors courses listed for the RAP. They should not plan to sign up for additional Honors courses their first semester.
- **HONORS 201: Ideas that Changed the World** - All CHC student are required to take this course during their first year.
- **ENGLWRT 112H** - All CHC students are required to take this course in their first year. Please see [Writing Placement Exam](#) information if you believe you might qualify for an exemption from this requirement.
- **Any HONORS version of a General Education course** - CHC students can often fulfill a University Gen Ed requirement and a CHC requirement with a single course.

**Housing Choices:**

For more information about first-year honors students and housing, please see this [link](#).

During NSO, all RAP students will confirm their RAP. Anyone not in a RAP will submit their housing preferences on line. All students must confirm their housing.

**What to Think About**

At Summer NSO, you will receive a lot of information and will have to make many decisions in the span of two days. Therefore, get a head start by thinking about what courses you want to take and where you want to live.
Here is the Curriculum Overview, which will give you a general outline of the courses you should take. For a more specific outline, look at the CHC Curriculum Requirements. Every year, many honors courses are offered in all the disciplines. To find these courses, simply view the Honors Course Guide.
