A collaboration between Commonwealth Honors College and the Springfield Museums, the Seuss Project offers a set of research, internship, and service opportunities for CHC students. Beginning in the Spring 2016 semester, students can enroll in the course HISTORY 391WH: Social Responsibility in Museums or propose related independent study projects.
Scheduled to open in Springfield, Mass., during the summer of 2016, the Amazing World of Dr. Seuss Museum will honor the life and work of Springfield native Theodor Seuss Geisel (aka Dr. Seuss). The museum and its exhibitions will complement the existing Dr. Seuss National Memorial Sculpture Garden to promote literacy, teamwork, and creative thinking.

Honors students who want to work on and off campus to support the opening of the museum and are interested in any of these areas should consider arranging independent study or enrolling in the history course described below:

- Literacy
- Engineering
- Computer science (specifically, web development)
- Public policy
- Nonprofit fundraising
- Museum management
- Art
- Public history

Students interested in independent study should send an email to reception@honors.umass.edu and include "Dr. Seuss Project" in the subject line.
