FOOD SCIENCE DEPARTMENTAL HONORS

Departmental Honors (DH) is an Advanced Scholarship track of Commonwealth Honors College (CHC). Students may complete DH as part of the full CHC curriculum, which includes Honors General Studies, or they may complete DH alone. All DH students are members of CHC.

Successful completion of the DH course requirements with minimum grades of B (or as specified below) and the submission of a properly formatted Honors Thesis or Project manuscript (minimum grade of B for Seminar manuscripts) will result in the award of "Departmental Honors" on the student's academic transcript. For information about DH, speak with your Honors Program Director and see Admission Process below. For information about the full CHC Curriculum, see [http://www.honors.umass.edu/curriculum](http://www.honors.umass.edu/curriculum).

General Admission Criteria

Minimally, to be eligible to apply for DH, students must have • An overall GPA of 3.400 or higher earned after one or more fulltime semester/s of UMass Amherst coursework • The ability to complete the DH sub-plan requirements • The ability to complete the CHC minimum residency requirement, i.e., 45-graded (not pass/fail) credits earned at UMass Amherst (not transferred)

Admissions Process

Students who are already members of CHC should meet with the department’s Honors Program Director (HPD) regarding their interest in joining Departmental Honors (DH), an Advanced Scholarship CHC sub-plan. The HPD will determine a student's eligibility and preparedness for DH. Admission to DH will be at the discretion of the HPD based on the criteria as established by the department and CHC (see Admission Criteria above). The HPD will notify the CHC office of newly accepted DH students so appropriate steps can be taken to designate the sub-plan on SPIRE.

Program Requirements

• 2 FOOD-SCI honors courses selected from FOOD-SCI 541, 561, 567, or 581 with affiliated honors colloq or Honors Independent Study attached*
• Honors Thesis or Project. Options include: â—– Individually contracted: FOOD-SCI 499Y Honors Research and FOOD-SCI 499T Honors Thesis or 499P Honors Project

Notes: *One of these requirements may be replaced by a FD SCI 600-level course with approval of the Honors Program Director, noted on a CHC "Petition for Exception" form.
• When offered, 1cr FD SCI 291H, 391H and 491H seminars plus their pre-requisite non-honors root course are acceptable as DH electives.

Requirement Exceptions

Note: exceptions to the requirements above require approval by both the Honors Program Director (HPD) and a Commonwealth Honors College advisor; Petition for Exception requests must be submitted through CHC PATHS.
