SYNERGY Art Exhibit

Date: Thu, 04/21/2016 - 4:00pm to 6:00pm

Event Location: Science & Engineering Library (SEL)

Event Description:

The UMass Amherst Libraries host SYNERGY, an exhibition of paintings and prints by Alicia Hunsicker ’93 in the Science & Engineering Library (SEL) at the University of Massachusetts Amherst.

In SYNERGY, Hunsicker investigates the powerful combination of art and science to produce works greater than the sum of their parts. With science as a point of departure, Hunsicker paints vibrant swirling organisms that reveal a cosmic discussion about the nature of all things. Rather than depict microscopic particles or cosmic bodies with pure scientific objectivity, her images are infused with a life force of joyful exuberance.

Members of the public, students, faculty, and staff are invited to an Artist Reception which will be held in SEL on Thursday April 21, from 4 p.m. to 6 p.m.

The Science & Engineering Library at the University of Massachusetts Amherst is located in the Lederle Graduate Research Center, Low Rise, 2nd floor, 740 N. Pleasant
