Psychopathology and Stigma, Empirical Science and Narrative: The Need for Integration

Date:
Thu, 03/24/2016 - 1:00pm

Event Location:
Campus Center 917

Event Description:
At 1:00 p.m. on Thursday, March 24, Stephen Hinshaw will present "Psychopathology and Stigma, Empirical Science and Narrative: The Need for Integration." Dr. Hinshaw is Professor of Psychology & Vice-Chair for Psychology, Department of Psychiatry, at the University of California, San Francisco. His research interests lie in the fields of clinical child and adolescent psychology and developmental psychopathology. Major themes include the diagnostic validity of childhood disorders, the role of family and peer relationships in normal and atypical development, the early prediction of behavioral and learning problems, and more.

This lecture is sponsored by the Center for Research on Families' Tay Gavin Erickson Lecture Series.
