The Fulbright Public Policy Fellowship is a new component of the Fulbright U.S. Student Program and a new opportunity for public policy students and young professionals.

The Fulbright Public Policy Fellowship will allow U.S. citizens to contribute to the strengthening of the public sector abroad by serving in professional placements within foreign government ministries or institutions while simultaneously carrying out an academic research/study project. The fellowship will help advance public policy research agendas, fosters mutual understanding and builds lasting ties between the U.S. and partner countries.

Selected Fulbright Students will work side-by-side with the citizens of other countries to tackle the toughest public policy problems of the day. This new exchange is the vanguard of international public diplomacy, as it leverages the excellence of the Fulbright program to achieve global development objectives.

Fulbright Public Policy Fellows will serve in partner country governments, which include:

- Bangladesh
- Burma
- Dominican Republic
- Ethiopia
- Guatemala
- Haiti
- Ivory Coast
• Kazakhstan
• Malawi
• Nepal
• Samoa

The U.S. Department of State and partner country governments will coordinate professional placements for candidates in public policy areas including, but not limited to, public health, education, agriculture, justice, energy, environment, public finance, economic development, housing and communications.
