Office of National Scholarship Advisement

The Office of National Scholarship Advisement (ONSA) assists eligible students in the pursuit of distinguished nationally competitive scholarships and fellowships. We also assist students who wish to apply for certain University scholarships available to undergraduates.

To help you with your application, we will give you advice on application information, recommendations, study and research proposals, personal statements, curriculum vitae, and interviews. We recommend you begin by scanning the list of scholarships. If you are interested, please click here with instructions on how to send us an email.

Start exploring scholarships early in your college career! Preparing for these opportunities requires work well in advance of submission deadlines. Look for fellowships that match your interests and experience. Get started by checking out our Preparation Tips.

For detailed information about available scholarships click here.
